Certificate of Accreditation

International Accreditation Japan (IAJapan) hereby accredits the following conformity assessment body as a calibration laboratory of Japan Calibration Service System.

Accreditation Identification: JCSS 0156 Calibration

Name of Conformity Assessment Body: Quality Assurance Division,

HIOKI E. E. CORPORATION

Name of Legal Entity: HIOKI E. E. CORPORATION

Location of Conformity Assessment Body: 81, Koizumi, Ueda-shi, Nagano 386-1192, JAPAN

Scope of Accreditation: Time & Frequency & Rotational speed,

Electricity (Direct Current & Low Frequency)

(as the following pages)

Accreditation Requirement: ISO/IEC 17025:2017*

* The relevant accreditation requirements described in the Accreditation

Scheme Document for JCSS are also applied.

Effective Date of Accreditation: 2025-01-29

Expiry Date of Accreditation: 2029-01-28

Date of Initial Accreditation: 2008-06-11

⁻ International Accreditation Japan (IAJapan) is a laboratory accreditation body which has signed MRAs of ILAC (International Laboratory Accreditation Cooperation) and APAC (Asia Pacific Accreditation Cooperation).

⁻ MRA requirements are, in addition to relevant international standards and guides, requirements for participation in proficiency testing programs, surveillance and reassessment, and the policy for the traceability of measurement for MRA purpose.

⁻ This laboratory fulfills ISO/IEC 17025:2017 General requirements for the competence of testing and calibration laboratories. This accreditation means this laboratory meets both the technical competence requirements and management system requirements that are necessary for it to consistently deliver technically valid test results and calibrations (refer to joint ISO-ILAC-IAF Communiqué dated April 2017).

⁻ The latest accreditation information is publicly available on IAJapan Website as an accreditation certificate.
